

Resume of Don Alfons

SUMMARY

I am a passionate and skilled web developer with a strong foundation in front-end and back-end technologies. My expertise spans HTML, CSS, JavaScript, and databases, and I am committed to delivering responsive, user-centric web applications. Throughout my career, I have developed solutions that improve user experience and drive business outcomes. I am particularly interested in working with teams that focus on cutting-edge technologies and aim to solve complex problems. My goal is to contribute my skills to projects that challenge my problem-solving abilities and foster continuous growth in the tech industry.

Associate Degree of Information Technology at [STIKOM UYELINDO Kupang](#)

Jul 2015 - Dec 2019 - **GPA: 3.44**

SKILLS

Basic Work Skills

Core work skills that I apply in my day-to-day activities:

- **Communication:** Clear and effective communication with team members, stakeholders, and clients through written and verbal mediums.
- **Problem-Solving:** Strong analytical skills to troubleshoot issues, identify solutions, and implement effective strategies in a timely manner.
- **Teamwork & Collaboration:** Ability to work within cross-functional teams, contribute ideas, and collaborate effectively to achieve project goals.
- **Time Management:** Efficiently managing multiple tasks, meeting deadlines, and ensuring projects are delivered on time.
- **Adaptability:** Ability to quickly adjust to new environments, tools, and technologies while maintaining high-quality work.
- **Conflict Resolution:** Effectively resolving conflicts and finding solutions that align with team and organizational objectives.

Technical Skills

Technologies I've gained experience with:

- **Software/Tools:** Git, GitHub, Docker, Netlify, Vercel, PostCSS, Hugo SSG, Discourse
- **Databases:** Redis (Caching, Pub/Sub), MySQL, MariaDB
- **Programming Languages:** JavaScript (Advanced), TypeScript (Intermediate), Python (Intermediate), PHP (Advanced), C# (Beginner), SQL (Advanced), Java (Intermediate)
- **Frameworks/Libraries:** Vue.js, React, Svelte, Sapper, Vuex, Redux, CodeIgniter, Laravel, Express, Fastify, Sequelize, TailwindCSS
- **Techniques:** Responsive Web Design, a11y (Web Accessibility), i18n (Internationalization), PWA (Progressive Web Apps, Service Workers, Web App Manifests)

EXPERIENCES
